- In any pass/fail exam, there is a "pass point," the number of questions a candidate must answer correctly in order to pass the exam.

FAQ – PERFORMANCE FEEDBACK CHART

The Conference uses scaled scoring to determine your pass/fail status. Scaled scores are part of how The Conference makes sure the exam is a fair and valid measure of your professional knowledge. The Performance Feedback Chart shows how you performed in each subsection. Its purpose is to provide an overview of your exam performance to guide your preparation for your next exam attempt.

The bar in the graph represents the percent of items you answered correctly for that content area. For reference, the total number of items in each subsection are listed below:

Funeral Directing	32
Funeral Service Marketing/Merchandising	22
Funeral Service Counseling	23
Regulatory Compliance	38
Cemetery and Crematory Operations	15
