Job Task Analysis

The time has come for the next NBE Job Task Analysis survey! Perhaps the most pivotal part of the exam development process, the results of the JTA survey determine what content is on the National Board Exam. While every licensee is encouraged to take the survey next year, we'll first be looking for volunteers to serve on the JTA committee. The initial meeting dates are slated for January 10-12, 2022. If you are a licensee interested in applying for the committee, please email Sarah Gill at exams@theconferenceonline.org to receive updates about the committee application process.

Wrong Exam Section? No Problem!

Candidates can now easily transfer their exam application and payment from one section to another, or one exam type to another using a simplified process. Candidates who have applied for an exam, but have not been released to schedule can request the transfer free of charge. Candidates who have been released to schedule with Pearson VUE can request a transfer for a \$25 reprocessing fee.

eligibility submission process. Obtaining candidate email addresses from mortuary science programs and member boards helps us keep candidates informed about the exam process.

Know Before You Go

<u>Pearson VUE has provided a short video</u> on what to expect at the test center. Please note, in addition to standard check-in and testing procedures, safety procedures may also be in place due to Covid-19.

Information HQ

Results, Release, Retention

Member boards may notice some changes in the secure file transfer system utilized to retrieve exam results. The previous window of 45 days has been extended to a one-year period from the post date. After one year, the file will automatically delete from the transfer system. The system will notify authorized users when a file is scheduled for deletion. This will allow more time for states to retrieve results, while also helping to keep the system secure, clean, and below capacity.

Our Resources Are Your Resources

Don't forget to utilize our download resources library! If you're looking for annual reports, model documents, handbooks, or other helpful documents, make sure to take advantage of our searchable library. The recent versions of our resources will always be accessible on our
