7 passed/1 failed

● Pass ● Fail

Virginia  
Laws, Rules & Regs  
43 examinees  
38 passed/5 failed

The National Board Exam is based on a nationwide survey of licensees diverse in experience, geography, race, ethnicity and gender. The survey was completed in 2021 and the adopted blueprint reflects the jobs/tasks that these licensees collectively deemed important for minimally competent candidates for licensure. Statistics are calculated based on first time examinees. Please direct any questions to [director@theconferenceonline.org](mailto:director@theconferenceonline.org).
